New Feature

CPRM INDUSTRY PARTNER CONTACTS

CPRM Industry Partner Contacts

➤ Purpose:

- On occasion, the GSA needs to reach out to the right people at an Industry Partner company. For example:
 - When there are questions about data entered into the CPRM system
 - To follow-up on a missing CAF Payment
- The new CPRM Industry Partner Contacts section provides a method for Industry Partners to identify up to three contact persons for each company contract.
 - The first contact per contract should be the Program Manager, or other required contact, per the language on your contract.
 - You may enter a 'group' email address as the contact information, if you have one or more persons monitoring your data in the CPRM system.

CPRM Industry Partner Contact Search

When this page is accessed by an Industry Partner user, the user will view the CPRM Industry Partner Contacts for their company contracts.

No data will be populated for you. You must enter the contacts for your contracts.
